## **SCOPE AND CONTENT**

For those who are searching for anthropologically substantive materials, special note should be made of the Manuscript and Pamphlet File. A potpourri of documents, the file includes correspondence, notes, drawings, maps, photographs, printed and processed materials, paper specimens, reports, writings, catalogs, motion picture film (now in the Smithsonian's Human Studies Film Archives), bibliographies, and other types of documents. Of concern is a wide variety of subjects such as anthropological specimens, museology and museums, Smithsonian history, archaeological and ethnological methods, exhibits, expeditions, history of anthropology, and so forth.

The file seems to have been maintained in the Division of Ethnology — in one document it was referred to as Herbert W. Krieger's morgue — and the subject matter is largely ethnological. Nevertheless, some documents relate to archeology and physical anthropology. The file also contains administrative materials, such as records relating to the Department of Anthropology's use of Work Projects Administration workers during the 1930s. In addition, the file is the main location of materials not generally accepted as being strictly anthropological in the modern sense. It includes, for example, material on period costumes, fish and fisheries, whaling, religions, armor, biblical studies, modern appliances, the seal industry, European music and musical instruments, lace, aeronautics, and other similar subjects. In addition, the file includes sets of papers of Edwin H. Hawley, Walter Hough, Otis T. Mason, Talcott Williams and Thomas Wilson.

Some documents, both primary and secondary research materials, concern the following cultural groups and geographic areas: Arabs, Bannock, Baubi, Blackfoot, British Columbia, Caddo, Carib, Chinook, Cochiti, Comanche, Cossacks, Cuna, Delaware, Diegueño, District of Columbia, Dyak, Eskimo, Europe, Fox, Goajira, Haida, Hawaii, Hittites, Hupa, India, Innu it, Iran, Ireland, Jamomadi, Japan, Jivaro, Kabyles, Kiowa, Kirghese, Klamath, Korea, Luiseño, Madagascar, Madera, Maidu, Makah, Maori, Mataco, Maya, Micmac, Micronesia, Mission, Modoc, Mohave, Mongolia, Moro, Morocco, Naltunnetunne, Nanticoke, Narragansett, Navaho, New Guinea, Nez Perce, Nubia, Omaha, Onandaga, Osage, Oto, Papua, Parsee, Pawnee, Peru, Philippines, Pomo, Pueblo, Puerto Rico, Pygmies, Quichua, Quinaielt, Samoa, Sauk, Seminole, Seri, Shoshoni, Spain, Tahiti, Tesuque, Thailand, Texas, Tolowa, Tonga, Tulalip, Utah, Virginia, Washo, Wichita, Wintun, Yavapai, and Zuni.
